Hi Sarah,

I will ask the resident of the amount of cans she has.

Could an arrangement be made as well for the second resident that I reported on yesterday?

Thank you for the update. This will make more sense to the community as to why these Centers are closed.

Have a great day!

Best,

Myrka Martinez

Hi Myrka,

Can you find out how much paint she has? Perhaps I can make an alternative arrangement.

Hi Sarah,

My Chief of Staff took a call from a resident who is moving out of town and has some hazardous waste she needs to get rid of.
I was wondering what she could do. She has 2 weeks before she moves out.

Also, could the SAFE Centers be open on a more limited basis? And maybe by appointment.

Hi Sarah,

I have been getting calls and emails about the status of SAFE centers reopening. I know they are closed because of the current situation but many ask why since even before the pandemic, there was little contact and the employees wore PPE.

I have a case that is quite unique. A resident is selling her home and escrow will be closing soon. She has paint cans that are not empty and wanted to know what she should do with them.

I would appreciate any information I can pass along to those inquiring about the reopening of these centers.

Best,

Myrka Martinez
